The screenshot displays the IBM Cognos Analytics with Watson interface. At the top, there's a navigation bar with the IBM logo and a search bar. Below this, a maintenance notice states: "Maintenance: The upgrade is now complete. Click on More Info to see what actions may be necessary and to subscribe to future events". The main heading reads "Hello. Welcome to Cognos Analytics with Watson." followed by a sub-header: "You can get started right away by taking a look at our introduction video, product tour and Getting Started tab." Two buttons, "Watch video" and "Take a product tour", are provided. To the right, the user profile for Sushma R (3aee66b070...) is shown, including a "Log out" link. The "Quick launch" section at the bottom features four tiles: "Upload data" (Upload or drag and drop spreadsheets, csv files, and other data sources.), "Prepare data" (Use data modules to clean and connect data from multiple resources.), "Exploration" (Quickly find unbiased answers by identifying trends in your data with data exploration.), and "Present data" (Create sophisticated, multi-page, multi-query dashboards, reports, or stories.).
